

# Warne Special Blend

A blend of four elite bluegrasses with some elite ryegrass. It is an excellent choice for highly manicured show lawns, very dark green color and disease resistance. Will establish a thick and beautiful lawn in one growing season. If you want to seed a lawn that would make the neighbors jealous, this would be the mix to use.

## Characteristics:

- Very dark green color
- Medium texture
- Excellent disease resistance
- Winter hardiness

## Light/Soil Requirements:

- Performs in full sun and limited shade
- Performs well on many soil types

## Seeding Rate:

- Seed at 4 to 5 lbs per 1,000 square feet
- Overseed at 1 to 2 lbs per 1,000 square feet

## Establishment Rate:

- Germinates in 10 to 21 days under ideal conditions
- Fully establishes in one growing season
