

Turf Grass Seed Blends

WARNE SPECIAL BLEND

Blend of four elite bluegrasses with some elite ryegrass. Use for highly manicured show lawns, very dark green color, enhanced disease resistance. Thrives in sun or partial shade. Seeding a dark beautiful lawn? This is the blend to use.

Rate: 4-5 pounds per 1000 square feet.

Available in 5# and 25# bags

BLUE VALLEY BLUEGRASS BLEND

Use for highly manicured lawns, a blend of elite bluegrass varieties that have been genetically selected for lower mowing heights. Very dark green color and disease resistance. Does well in sun or partial shade.

Rate: 4-5 pounds per 1000 square feet.

Available in 2#, 5#, 20# and 50# bags

LOW MAINTENANCE MIX (FORMERLY CARE-FREE MIX)

Fescues selected to survive in extreme conditions. Ideal blend for areas where lower use of water and fertilizer is needed. Does well on poor soils, is winter hardy, and withstands heat and drought.

Rate: 4 to 6 pounds per 1000 square feet.

Available in 50# bag #20 bag

RAPID CITY IRRIGATED TURF MIX

50# bag

Meets Rapid City specifications

RAPID CITY NON-IRRIGATED TURF MIX

50# bag

Meets Rapid City specifications

PREMIUM FARM LAWN SEED MIX

Blend of low maintenance grass for lawns that receive little or no irrigation and fertilizer. Will tolerate extreme drought and other severe conditions. Also used for reclamation, road ditches, etc.

Rate: 4-5 pounds per 1000 square feet. Available in 2#, 5#, 20# and 50# bags

WARNE HERITAGE LAWN MIX

Top performing bluegrasses and turf type perennial ryegrass. Dark green color. Thrives in full sun. Ideal for moderate traffic areas. Great for lawns with family activities.

Rate: 4-5 pounds per 1000 square feet.

Available in 2#, 5#, 20# and 50# bag

SALT SHAKER ALKALI TURF MIX

Blend of salt tolerant variety of grasses for salt prone and alkaline conditions. Use in lawn, sport fields, and reclamation sites where salt tolerance is more important than appearance.

Rate: 4-6 pounds per 1000 square feet.

Available in 20# and 50# bags

SPORTS TURF MIX (FORMERLY SPORTS PARK OS)

Blend of elite bluegrass and turf type perennial ryegrass. Varieties are selected to withstand extended use and to rejuvenate quickly after turf injury.

Rate: 4-5 pounds per 1000 square feet.

Available in 2#, 5#, 20# and 50# bags

TRIPLE STAR PERENNIAL RYEGRASS BLEND (FORMERLY CHAMPION)

Top performing perennial ryegrass varieties with high endophyte levels. Guaranteed free of poa annua. Excellent for golf courses, athletic fields and commercial turf. Quick to establish.

Rate: 4 to 5 pounds per 1000 square feet.

Available in 50# bag 5# bag

WEAR TOLERANT MIX (FORMERLY TUFF STUFF MIX)

Selected varieties of tall fescues that are tough, vigorous, and can withstand continued use. Medium green in color. Thrives in full sun or partial shade. Performs well on any site and soil condition but needs deep soil.

Rate: 5-6 pounds per 1000 square feet.

Available in 2#, 5#, 20# and 50# bags

WARNE INFERNO MIX

Features over 60% Turfgrass Water Conservation Alliance's (TWCA) certified drought tolerant bluegrasses. Selected for drought tolerance, dark green color, disease resistance, and quick establishment. Targeted for new lawns and sports fields where there is less water usage, outstanding appearance and wear tolerant.

Rate: 4 to 5 pounds per 1000 square feet.

Available in 25# bag 5# bag

WARNE QUICK GROW MIX (FORMERLY QUICK-2-GRO)

Economy blend of bluegrass, ryegrass and fescue that germinates rapidly. Grows well in sun or light shade. Withstands heat and drought. Medium green in color. Ideal blend to use where rapid establishment is needed.

Rate: 4 to 5 pounds per 1000 square feet.

Available in 50# bag 25# bag
